

Your Health and Safety Representatives (HSR)

HSRs represent specific workgroups (defined groups of staff on each campus). Staff members should contact their HSR about safety and wellbeing issues that are concerned about, which are unique to their workgroup. They can contact their [campus WHS Committee](#) about issues that are relevant to the broader campus community.

ACU's [Resolving a WHS Issue at ACU flowchart](#) provides guidance about resolving safety and wellbeing issues. Staff should initially have a conversation with their supervisor about the relevant issue.

For more information about the University's consultations and commitments, read the [WHS Communication and Consultation Procedure](#). You can also access minutes of your local campus WHS Committee by [clicking here](#).

Workgroup	Representative	Contact Details
