

## Security System

### To switch system off

- Step 1: Press in the code
- Step 2: Press the "OK" button
- Step 3: Pressing the ">" button
- Step 4: Press the "OFF" button

### To switch system on

- Step 1: Press in the code
- Step 2: Press the "OK" button
- Step 3: Pressing the ">" button
- Step 4: Press the "ON" button

Note: The pressing of the ">" button will join all areas allocated to you as one. You do not have to go through each area to switch the system off or on.
