  - Background
  - Timeline
2. Questions

## Background

- The student portal is the go-to destination for the content students need and a range of functions and utilities including timetables, notifications, results, enrolment and more
- Release 1.0 was delivered Dec 2016, release 1.1 Jan 2017
- A business case for release 1.2 and is currently being revised
- Some remedial work is required before adding new features

## Objectives

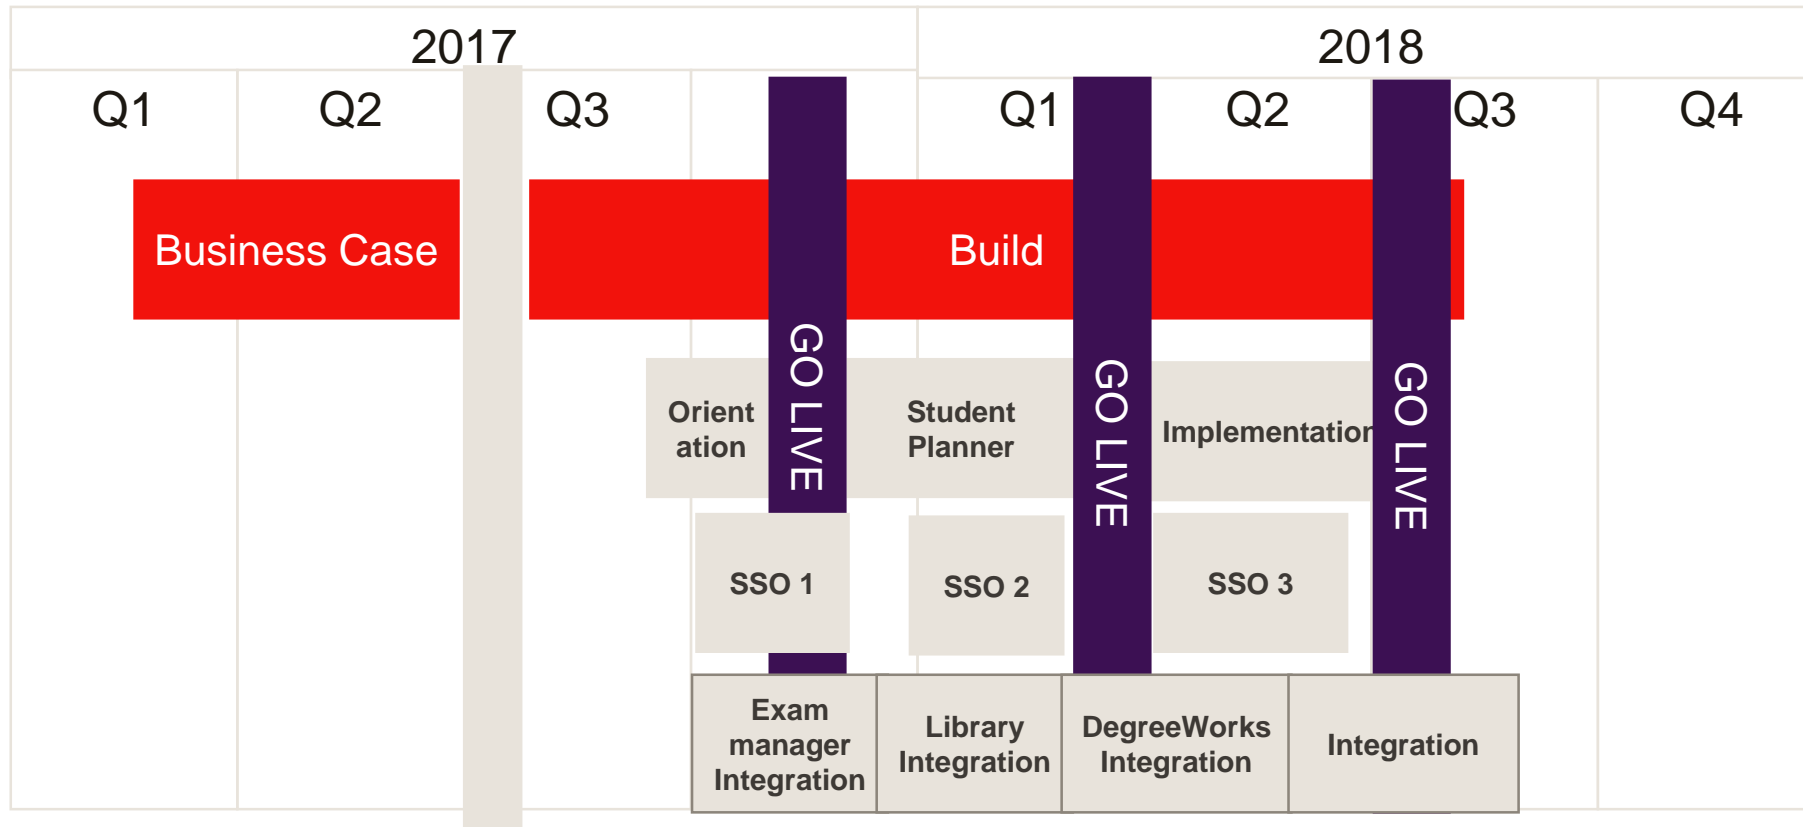

- Continue to build on the original objectives of this project to;
  - enhance academic, learning and teaching and student engagement outcomes for students
  - support ACU staff's experience in contributing to this across information dissemination and digital enablement
  - move towards realising ACU's organisational objective of being a world class digital leader in student experience
