It may have been some time since you checked in with the candidate. This is another opportune time to discuss and clarify what is occurring in the current recruitment process, and what ACU's requirements will be to progress the candidate's appointment.

Prior to initiating a phone call, review the talking points listed in the form's **CANDIDATE DETAILS (Conversation Guide)** section.

3.5 POSITION DETAILS

Position details will be displayed here as the reference of the appointment.

A Position in the organisation is associated with details such as: Position Number, Position Title, Position Supervisor, Organisational Unit, Cost Code, Employment Type, Employment Category, Classification, FTE, Hours per Week, CDF Level, Authority Level and Essential Position Attributes.

An Appointment contains the details when a candidate/employee is appointed into a Position. Appointment Details are defaulted to the Position Details, however, some of the Appointment Details can be varied, such as Hours per Week, Location, Employment Type, Employment Category, Career Pathway.

The reason for the variation could be due to a temporary appointment that does not change the nature of a Position. For example, the current Employee in a Continuing Full-time Position is taking maternity leave, and the Hiring Manager is appointing a candidate into the Position with a Temporary Fixed-term contract. The appointment could also be a Part-time instead of a Full-time role. However, this temporary Appointment does not change the nature of the Position, thus, Position Details remain unchanged.
